DETAILED ACTION

This Office Action is based on the 10/609,194 application filed on 06/26/2003. Claims 1-12, as amended on 9/04/2008, are currently pending and have been considered below.

Response to Amendment

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-12 are rejected under 35 U.S.C. 103(a) as being unpatentable over U.S. Patent No. 5,312,355 to Lee in view of U.S. Patent No. 6,083,207 to Heck.
3. See rejection as set forth in the previous office action and response to arguments below.

Response to Arguments

4. Applicant's arguments filed 12/22/2008 have been fully considered but they are not persuasive.
5. The Applicant argues that Heck fails to teach a snap-fit arrangement adapted to couple onto an annular hub of a tubular medical device. The Examiner disagrees. The arrangement of Heck can be broadly interpreted as snap-fit, and if incorporated into the design of Lee would meet the limitations of the present claims. As further evidence that one with ordinary skill in the art would be familiar with this sort of coupling mechanism,

Lee also teaches a snap-fit arrangement (50) that couples to an annular hub of a tubular device (see figure 5).

6. The Applicant submits that claims 2-12 depend from claim 1, however only claims 2-3 depend from claim 1, with claims 5-12 depending from independent claim 4. However, the rejection for both independent claims 1 and 4 is the same as previously set forth. The snap-fit arrangement under discussion is very broadly claimed in claim 4.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
